Next of Kin: Name:……..…..Number:……

Sail at your own risk. Although extremely rare, sailing has its dangers and accidents causing injuries can occur. The skipper of a yacht will do what they can to ensure your safety while you are on board their yacht. For this reason we ask the following questions to help them gauge your suitability to be a part of their crew.

From a safety perspective, many yachts are agility and strength critical:
Your Age: *years:* <30 □ 30 to 45 □ 45 to 60 □ 60 to 70 □ >70 □

From a safety perspective, some yachts are weight critical:
Your Weight: *kgs:* < 80 □ 80 to 100 □ 100 to 120 □ >120 □

Swimming ability: None □ <50 mtrs □ >50 mtrs □

Sailing Experience: None □ Racing □ Cruising □ Social □

Rough estimate: □ □ □ □ □ □ □ □ □ □ □ Times □ Years □
0 5 10 or greater

Please state below any health issues or physical disabilities that the skipper should be aware of you while on board their yacht.

For Safety reasons, please be aware:

While on board any vessel, the skipper’s word is law and their instructions must be followed. As an example, if you’re directed to put on a life jacket or harness, you must do so immediately.
