8. CHANGES TO TRIALLING INSTRUCTIONS

Any changes to trialling instructions, courses or calculated times will be advised by email or a notice posted on the notice board near the MOFSC weather station or by text message at least two (2) hours prior to the start of the event affected. Also, notices may be posted at other locations for the purposes of convenience (such as the internet).

9. FLEETS

- 9.1 If less than 10 power yachts start in an event, they may be scored as one fleet.
- 9.2 If 10 or more power yachts start in an event, then they may be scored as two fleets being "Port" and "Starboard".
- 9.3 The division into fleets shall be by random selection.
- 9.4 The season's consistency and championship points will be calculated from the scores of a combined fleet as a single event.

10. FLAGS AND IDENTIFICATION

- 10.1 All power yachts shall carry identifying numbers and should fly their club burgee when competing.
- 10.2 Flags and competition numbers shall be positioned so as to be clearly visible from both port and starboard sides throughout the event. Competition numbers and flags, inside windows, screens, clears or railings are not acceptable.
- 10.3 The class flag shall be a yellow flag not less than 300mm by 200mm.

11. OFFICIAL TIME

- 11.1 The official time shall be displayed on a Master Clock located in the bar area of the club from approximately 1.5 hours before the start of racing.
- 11.2 The clock on the PCYA homepage is used as the official time for all events unless otherwise notified.
- 11.3 When the start is not located in the vicinity of Mary St Boat Ramp Lagoon, the location of the Master Clock will be communicated to all skippers.

12. STARTING AREA

- 12.1 The starting area is the width of the start line as defined in 13.1 and extends approximately 50 metres behind the start line to form a rectangular area.
- 12.2 After the 10-minute signal, a Power Yacht shall not enter the start area or follow any part of the course unless starting or having started competing in the event.

13. START AND FINISH LINE

- 13.1 The start line is defined by a line drawn between the starboard lateral mark and a pine tree located on the Port Bank as indicated on the course sheets.
- 13.2 The finish line is defined by a line drawn between the port lateral mark and a pine tree located on the Starboard Bank as indicated on the course sheets.
- 13.3 The starter may be located on land, usually on the starboard bank of the inlet or on the Start Boat.
- 13.4 If the starter is not on station for any reason, all competing boats should start normally at their appointed time.
- 13.5 The start line for Bouvard Cup will be between the Dawesville Red and Green lateral markers.

14. STARTING SEQUENCE

- 14.1 Ten minutes before the start time of the event the class flag will be displayed and a sound signal made.
- 14.2 Five minutes before the start, the preparatory signal, International Code Flag “P” will be displayed and a sound signal made.
- 14.3 The start of the event will be signalled by lowering of the class and preparatory flags and the making of a sound signal.
- 14.4 All flags will be displayed and sound signals made from the land-based Starter or Start Boat.
- 14.5 Each power yacht shall start at its allotted time irrespective of the occurrence or absence of the signals and any such occurrences or absences shall not be grounds for protest.

15. PRE-START

A Power Yacht must not interfere with any other craft manoeuvring to start or competing.

16. STARTING

When starting, Power Yachts must:

- 16.1 enter the start area at 5 knots and;
- 16.2 maintain a constant speed and course while in the start area and;
- 16.3 steer a course at approximately 90 degrees to the start line

17. SPEED RESTRICTED AREAS

Speed limits applying on any part of the course must be observed at all times. These areas are designated in the course sheets and show the speed limit applying from the previous mark. The calculated times in restricted areas are based on the speed limit minus 1 knot in all areas greater than 5 knots, or the nominated speed of the power yacht, whichever is the lesser.

18. CLEARANCES

- 18.1 Clearances shown in the course sheets (e.g. “S-30”) are the minimum distances in metres by which these marks are to be passed. Each boat may increase the distance on these marks for safety reasons. These distances are set for safety reasons and must be observed. When a Mark is shown on a course sheet with a clearance it may not be used as a checked mark.
- 18.2 The markers called Change will not be marked when travelling downstream. When competing boats are passing Soldiers or Change in a downstream direction, they shall allow all boat traffic moving upstream room to navigate past these marks in a safe manner. Any competing boat that does not comply with this rule will be given a penalty of 10 points or disqualified. The penalty will be the decision of the organising committee and is final and not grounds for redress.

19. REQUIRED SIDE

A Power Yacht shall go fairly around the course rounding or passing the marks on the required side and

in the correct order. If a Power Yacht initially passes a mark on the wrong side, it must return and re-pass it on the same side before rounding or passing it on the required side. Failure to do so will result in a penalty of 10 points. The vessels check point time will be taken from the correct passing of the mark.

20. RETIREMENTS

Retirements are to be notified to the Power Captain or event co-ordinator as soon as practicable by radio communication (VHF Ch 74 or 27.82 MHz), text message, phone call or by hailing when passing the start boat. Retiring craft should not pass through the start/finish area.

21. TIME LIMIT

A Power Yacht, which fails to finish within 15 minutes of its scheduled finishing time, will be scored as retired.

22. SCORING

22.1 Club Championship - Each Power Yacht which finishes an event shall score points equal to their finishing position. eg. 1st=1 pt; 2nd=2 pts, 3rd=3 pts, and so on. Least points at completion of the season is the Club Champion.

22.2 Handicap Championship - Each Power Yacht which finishes an event shall score points equal to their finishing handicap position. e.g. 1st=1 pt; 2nd=2 pts, 3rd=3 pts, and so on. Least points at completion of the season is the Handicap Champion.

22.3 Where the same Power Yacht obtains a score that places them 1st for both Club Championship and Handicap Championship Trophies, the competitor placing 2nd in Handicap Championship Points shall be awarded the trophy.

Should the tie still remain, then it shall stand as the final placing for the season.

23.2 For the purpose of this rule only, a tie for first, second, third place, etc., in any one event during the season, shall count as a first, second or third place, etc, for deciding ties for the championship and handicap trophies.

23.3 In the event of a tie it shall be decided as follows

- a) Each check point is to be considered separately in relation to the tied power yachts and the power yacht with the most individual "zeros" shall be the winner
- b) If the tie remains it shall be broken in favour of the power yacht with the most one second losses at check points and so on if necessary, for the total number of check points. Should this method fail to resolve the tie then the tie shall stand:

24.4 The Time Trial Committee or person designated to oversee the results shall have the power to enforce any of the penalties described in this rule.

24.5 Serious breaches of the rules and any breach of a safety rule shall incur the penalty for every offence.

24.6 Where the offending Power Yacht is in contention for the Least Points Lost Award, or a win on handicap, in any event, the penalties shall be enforced for every offence.

24.7 A warning may be given to any Power Yacht which incurs a penalty and which is not in contention to win the Least Points Lost Award or handicap win. Generally, only one warning per season shall be allowed. Further discretion may be allowed by the Time Trial Committee for novice Power Yacht entries only.

1. All time checks between and including QUAYS to CRAB FLATS are measured by sighting between the pair of markers.
2. PEEL RED & GREEN markers are offset too far to be used as a pair.
3. Course 960 (Bouvard Cup). The green channel markers between the Peel and Harvey estuaries will be used as time trialling markers, not the red ones. That will keep all boats on the correct side of the channel.
4. Course speed changes occur at Town South, Change and Peel markers.
5. Start/finish line is delineated between a marker on the Fairbridge bank and the most northerly large pine tree on the eastern foreshore.
